The Charles Redd Center for Western Studies presents:

**A History of the American West in the Twilight Zone**

**Wednesday, March 20**
7:00 pm
HBLL Auditorium
Annaley Naegle Redd Lecture

**Stephen Aron**
UCLA

Stephen Aron’s lecture explores places and periods in the history of the American West in which peoples overcame their differences instead of being overcome by those differences. Challenging histories that focus exclusively on conquest and conflict, Aron looks at how people got along, why these moments of conciliation occurred yet rarely endured, and what the legacy of concord offers for the future of the American West.
